Perma
BASE[®]

Cement board

Rigid substrate made of Portland cement, aggregate and glass mesh that provides an exceptionally hard, durable surface that is able to withstand prolonged exposure to moisture.

Easy to cut, easy to use.

Basic uses

PermaBase is ideally suited as an underlayment or backing surface for tub and shower surrounds, countertops, flooring and a variety of other interior and exterior applications.

- A. Patented reinforced edge
- B. Fiberglass mesh
- C. Cementitious core

Advantages

Reinforced edge allows for closer fastener application of nails or screws at the edge without crumbling or spinout.

Resists the growth of mold. PermaBase is highly moisture resistant, and will not rot, disintegrate or swell when exposed to water.

Can be cut utilizing a standard utility knife and straight edge.

Is impact resistant, extremely durable and dimensionally stable. It has excellent overall flexural, compressive, and tensile strength characteristics.

Smoother finish than other brands and has no open edges, which reduces hand chafing.

Suitable for both interior and exterior applications.

Available sizes

Pannel 3x5	7/16"
Pannel 4x8	1/2"
Pannel 4x8	5/8"
